

Established in 2005, Healthe Care offers career opportunities in private hospitals across New South Wales, Victoria and Tasmania.

Healthe Care Graduate Programs

As a Healthe Care Graduate you'll have access to:

- World class hospitals in regional and metropolitan areas - choose to work close to home or explore a new area
- Tailored graduate programs, with rotations across surgical, medical, maternity, mental health, rehabilitation, theatres, intensive care, coronary care and emergency
- Smaller intakes, with more personalised learning experiences and access to experienced educators and preceptors
- High retention rates and transition to practice specialty programs after your graduate year
- Flexible working conditions, including full time and part time hours
- The best pay and conditions in the sector (above the public sector)
- Access to a free, confidential Employee Assistance Program
- Employee discounts on hospital stays, health insurance and wellness programs, with access to salary sacrifice, leave buy-back and novated leasing
- A uniform allowance and free on-site parking
